# What is Additive Manufacturing Meetings Baja California?

Additive Manufacturing Meetings Baja California is the 1st event in Mexico dedicated to the additive manufacturing & processes developed with a matchmaking program.

It is a unique opportunity for buyers, sellers and end-users of design, prototyping, and tooling to meet and talk about direct manufacturing technologies trends and future opportunities in additive manufacturing & 3D printing.

## Solutions in

-  Rapid prototyping
-  Prototyping equipments
-  Rapid manufacturing
-  Developing and manufacturing of rapid tooling and prototype moulds
-  Pilot production and short production series
-  Raw materials
-  Studies & services

## Why Baja California?

Since the 60's, Baja California has been home to world class manufacturing companies such as *Honeywell, UTC Aerospace, Bourns, Plantronics, Panasonic, Samsung, Rockell Collins, Medtronic* and many more. Currently, *Baja California is on a path to be the innovation-driven production capital of Latin-America*, with significant supply chain opportunities.

## Event format & program

### One-to-One Meetings : November 3 & 4, 2015

**abe** pre-arranges meetings for the supply chain, procurement, technical teams, suppliers and contract manufacturers through our unique platform which allows participants to pre-select and confirm the companies they would like to meet with: an outstanding tool which saves time and helps you meet the right people.

### Conferences & Workshops : November 3 & 4, 2015

**Additive Manufacturing Meetings Baja California** has an exceptional conference and workshop program which offers professionals the chances to not only see the newest innovations, but to learn about new market developments and challenges.

## Fields of application:

**aeronautical**  
architecture  
**automotive**  
consumer goods  
chemistry  
**shipbuilding**  
defense  
energy  
**industrial equipments**  
rail manufacturing  
luxury goods  
mechanical engineering  
**medical devices**  
engine  
nuclear  
**tools**  
robotics  
**aerospace** ...

## Who can attend?

### CONTRACTORS

You're looking for specialists in the various phases of development, prototyping or rapid manufacturing and you're representative of:

- ✓ Production
- ✓ Purchasing
- ✓ R&D services
- ✓ Product or project managers

Companies wishing to acquire equipments (software, machines) dedicated to prototyping.

### SUB-CONTRACTORS & SUPPLIERS

You're providing innovative and effective solutions in:

- ✓ Research
- ✓ Development
- ✓ Modeling
- ✓ Prototyping for pre-series and small series

You're providing the equipment necessary for the development and production of prototype machines, tools and software.

## Get your business meetings in just 4 steps!

Fill out a short form with **your capabilities, applications and needs.**

1

Identify and request meetings with relevant contacts and potential partners through our **user friendly online platform.**

2

**Validate meeting requests** that you receive from other companies.

3

Check your **meeting schedule**, one week prior to the event.

4

## advanced business events (abe) & BCI Aerospace

With a portfolio of more than 800,000 clients globally, **abe** is currently organizing other events in Mexico such as Advanced Manufacturing Meetings Baja California, Automotive Meetings Queretaro, Electronic Meetings Mexico, Engine Forum Sonora as well as several events in the Aerospace & Defense sector through **abe's** specialized subdivision **BCI Aerospace** with events such as Aerospace Meetings Guadalajara, **abe** and **BCI Aerospace** also counts numerous prestigious events globally in its portfolio such as, Aeromart Toulouse, Aeromart Montréal or A&DSS Seattle to name just a few. For more information on **abe's** and **BCI Aerospace's** current events, take a look on the **abe** homepage [www.advbe.com](http://www.advbe.com) & [www.bciaerospace.com](http://www.bciaerospace.com)
